Subject: Re: 2099 draft review

Robin,

I have reviewed the patent application draft, and it looks correct to me.

Go ahead and finalize it, and send it to me for a signature. I'll send it back to you the same day I get it.

- Erik G. Burrows

Attached is the final draft for your review. Once you have completed your review, please forward any comments to vivian.shin@gateway.com <<mailto:vivian.shin@gateway.com>> and cc me at robin.clow@gateway.com <<mailto:robin.clow@gateway.com>>. If you have any changes, Vivian will create a new final version and I'll forward a hardcopy along with the drawings, and the final papers for signature via overnight. IT is currently hooking up the scanner and I will email you the drawings shortly, or if you prefer, please send me your fax number and I will fax them to you.

Thanks again for your prompt assistance.
